

## Dutch Annual Virology Symposium 2019

**Dear Colleagues,**

We would like to draw your attention to the upcoming Dutch Annual Virology Symposium (DAVS), which is scheduled for **Friday March 8, 2019** and will take place in the **OBA theater, the Openbare Bibliotheek Amsterdam**.

The meeting is held under the auspices of the Royal Dutch Society for Microbiology (KNVM) and supported by the Beijerinck Virology Fund (BVF), which allows us to invite distinguished foreign keynote speakers.

The program will consist mostly of contributed talks selected from submitted abstracts. As before, quality is the prime criterion for selection, but the organizers will try as well to ensure that the meeting covers most areas of Dutch virology.

### Call for Abstracts

In preparation of the program we would like to invite you and your colleagues to submit abstracts for oral presentations (20 minutes, including discussion) by e-mail to [virology@uu.nl](mailto:virology@uu.nl). Please include institute, title and authors (indicate presenter by underlining) in your abstract (300 words max.).

**Abstract submission deadline: January 28, 2019.**

You can register for the meeting on the KNAW website. Participation is free, registration is required.

**We hope to see you all in Amsterdam.**

**Emmanuel J.H.J. Wiertz**  
UMC Utrecht

**Raoul J. de Groot**  
Utrecht University
